WEDDING TAIT-TALBOT

A quiet wedding was solemnized in Knox United church, Saturday afternoon, March 29, at 4 o'clock, when Rev. George Dickson united in marriage, H. Mae, youngest daughter of the late Mr. and Mrs. Thomas Talbot, Lacombe, Alberta; and Burton Tait, son of Mr. and Mrs. W. G. Tait, of Chatham, New Brunswick. Mr. and Mrs. Tait will reside in Calgary.

SMUT PREVENTION CHEAP

Chemical trade statistics show that formaldehyde is moving very slowly for this time of the year. Whether this is caused by farmers deciding in a wholesale way to take a chance with smut, or whether it is caused by retailers following a policy of excessive caution, it is not possible with the information available, to say. If the latter presumption is true it means that a lot of people are going to find it hard to get formaldehyde locally at the eleventh hour.

The first assumption seems incredible, in the face of the repeated experience of men who fail to treat grain, and have to take smut losses in the fall. In one locality on the prairies last year for instance, there was shipped out of this district, 40 wheat shipments from that point. The represents 22 per cent. of the total wheat shipments from that point. The average price cut for smutty wheat last year was 14 cents per bushel. The average car load of wheat, about 1,900 bushels, hence that locality lost nearly \$7,000 through this cause alone. Insurance against smut is cheap. Each of these smutty car loads could have been protected by proper use of \$1.50 worth of formaldehyde. It is too big a chance to take.

"THE LOST ZEPPELIN" Shows at the "Avalon" This Week

This picture is considered as one of the great pictures of the year, dealing as it does with romance and

thrilling adventures near the South Pole. The picture gives a clear idea of the hardships Commander Byrd's expedition is going through, and also what the Graf Zeppelin will encounter when she tries her Polar flight, as planned.

This is a truly wonderful picture of modern times, and you should not miss it. It shows Thursday, Friday, Saturday and is all talking.

"Hollywood Review" Monday and Tuesday Next Week

Commencing next Monday night there will be shown every Monday and Tuesday night throughout the summer and fall. The opening picture is "Hollywood Review. This picture has a great cast, in fact the greatest cast of stars every contributed in the making of one motion picture. Stars of stage and screen, stars of vaudeville, opera and radio, stars of all the wonderful amusement fields of the twentieth century, in one huge parade, with twenty song hits, abundant comedy, tuneful melodies and dialogue that sparkles, to say nothing of the largest dancing chorus of beautiful girls that ever dazzled an audience are features of this entertainment.

Remember—Next Monday and Tuesday at the Avalon.

Demonstration of Electric Cookery and Refrigeration

By Miss Frances Thompson

HERE is an unusual opportunity to hear a public lecture on modern methods of cooking and food preservation. Miss Frances Thompson, noted Home Economist of the Canadian General Electric Company, will give a practical demonstration which will be of interest to every housewife. The time and place are stated below.

For the cookery demonstration Miss Thompson uses a Hotpoint Hi-Speed Range . . . the range designed by women for women. She will show the time-saving advantages of Hotpoint's Super-Automatic Oven Control and its Hi-Speed Elements. She will also demonstrate the amazing Economy Cooker which cooks a whole meal on one element!

ALL-STEEL REFRIGERATOR

Another feature of Miss Thompson's lecture is a demonstration of the proper use of electric refrigeration not only in keeping foods safely and healthfully cold but also in the preparation of delectable frozen desserts. In this purpose she uses a General Electric Refrigerator and points out its many superiorities, including an accessible freezing regulator and a Vegetable Pan.

You are cordially invited to hear Miss Thompson and to profit from her interesting talks on home economies.

Be Seated, Madame!

That might once have seemed a strange request to make of a lady who's in a hurry to get breakfast. But Electric Service makes it simple.

The Electric Percolator, for instance . . . you simply snap on the switch . . . in a moment or two you have coffee. It's so much simpler . . . cleaner . . . and quicker than the "cook stove and coffee pot" method. Toast, too . . . piping hot from the Electric Toaster . . . crisp and fresh . . . ready to be smothered in butter and marmalade.

And with the handy Electric Grill . . . your eggs or bacon are done . . . as you like 'em—right at the table, without fuss or bother. Your Electrical Supply dealer can show you many ways of simplifying the business of getting meals.

Lacombe Breeders Make Good Showing at Calgary

Calgary, April 4.—S. J. Henderson, of Lacombe, was elected president of the Alberta Cattle Breeders' association at the annual meeting in the Palliser Hotel last night. He succeeded W. M. Parslow, of Calgary. J. L. Walters, of Lacombe, was elected first vice-president, and A. S. McDougall, of Lacombe, second vice-president.

Directors for the coming year will be: Frank Collett, of Crossfield; W. M. Parslow, of Calgary; S. M. Macle, of High River; F. Ward Jones, of Calgary; J. Charles Yule, of Carleton Place; John Wilson, of Inglewood; W. Crawford, of Nanton; F. E. Thompson, of High River; William Sharp, of Lacombe; William Hudson, of Kithurst; R. M. Macdonald, of Lacombe; and J. H. Layton, of Calgary.

Consideration of various matters in connection with the betterment of the cattle industry was discussed at the meeting which followed a banquet during which various musical and dance entertainments were given to the guests.

Medical changes in the system of operation of the association were discussed when the members approved a motion providing that a new rule be inserted in the constitution of the association providing that bulls culled shall be castrated by the association.

Under the former standing of the rules, the executive committee of the association appointed a committee to examine the cattle entering the sale and cull out all cattle inferior or not in reasonably good condition.

The new rule provides that in future bulls which are culled out as unfit will not be returned to their owners as breeding animals. Motion that the Spring sale be confined to beef bulls and that dairy breeds and Red Polls be confined to the Fall show was approved.

Increased grants of prize money will be made for the various livestock shows in the province from the funds of the Alberta Aberdeen Angus Breeders' Association, it was decided at a meeting of the organization held at the exhibition grounds on Tuesday, Calgary and Edmonton Spring shows will each receive a grant to be awarded as a special prize to the exhibitor of the grand champion steer, if the animal winning this honor is sired by a Purebred Aberdeen Angus bull.

Twenty-five-dollar special prizes will be included in the Calgary and Edmonton summer fair prize lists for the best herd entry consisting of a bull and three Alberta-bred females, owned by an Alberta exhibitor. It was decided by the association that a sale will be held at Lacombe at a date to be named later in the present season.

S. J. Henderson, of Lacombe, was re-elected president of the organization, with Roy Ballhorn, of Wetaskiwin, as first vice-president; R. R. Buchanan, of Pincher Creek, second vice-president; and H. E. Wilson, of Lacombe, Secretary-Treasurer. The following directors were named: Wm. Gibb, of Kithurst; G. H. Richardson, of Bowden; Chas. Elliott, of Strathcona; Jas. Liddell, of Inglewood; George Graham, of Bentley; Sam Frisland, of Camrose; F. H. Reed, of Lacombe; C. G. Montgomery, of Ramoth; A. Hunter, of Innisfree; and F. Home, of Lethbridge.

Forty mature Aberdeen Angus bulls brought an average price of approximately \$190 each at auction during the opening session of the Calgary spring bull sale on Wednesday morning. A total of 48 animals were sold, including a number of yearlings which were less in demand, the average price for the animals of this breed being \$171.

The high mark of the sale was reached when the Henderson bull, Prince Marshall 28th, which had been awarded the championship of the breed at the show sold for \$325 to A. S. MacRae, of Nanton. Henderson

entirely met the high average for Angus bulls, eight animals from the herd of this Lacombe breeder bringing an average of \$302.50. Prince Marshall 28th went to Leslie H. Towers, of Cochrane, at \$300; Prince Marshall 27th to A. Hochstein, of Pincher Creek at the same figure and Prince Marshall 21st to A. T. Hines, of Tring, Alta., also at \$300.

Five animals contributed by Roy Ballhorn, of Wetaskiwin, brought an average of \$251, and five from the herd of R. R. Buchanan, of Pincher Creek, averaged \$160. Four Red Poll bulls, three of which were yearlings averaged \$77.50; two Holsteins brought \$65 and \$70 and the Ayreshire contributed by L. A. Williams, of Coaldale, was purchased by Rowland Ness, of DeWinton, for \$60.

The only entry made by the Lacombe Experimental Farm, Lacombe, Revolution 2nd, stood well up in the list, going to G. Smith, of Strathmore, at \$300. Four animals contributed by F. K. Cathro, of Calgary, averaged \$155 and four entries from the herd of Wm. Gibb, of Kithurst, brought an average of \$190.

Margaret Roper, of Lacombe, took the supreme honors of the show with a grade Hereford steer. The Roper entry was debared from competition with the baby heaves by weight specifications, but was an easy winner in the open classes.

Margaret Roper's grand champion steer topped the sale when it was purchased by Burns and company at \$500 per pound. The steer weighed 1,020 pounds.

With prices which were considered fairly satisfactory, one hundred head of Shorthorn bulls were sold by auction in the sale ring on Thursday afternoon. Returns averaged somewhat lower than those secured for the Herefords previously sold, as a result of the somewhat lower average quality of the animals. Good offerings, however, were well received by the bidders, the average price on the afternoon sale being approximately \$192 each.

The high price of the afternoon was paid by James Laydon, of Macleod, who bought Lacombe Hope from the herd of A. S. McDougall, of Champion, for \$460. Five good entries from George Calder, of Inglewood, averaged \$316 each, and an average of \$210 was secured for five bulls sold by E. J. C. Burke, of Acme. The first five animals sold by J. L. Walters, of Lacombe, averaged \$165, and five from the herd of P. A. Switzer, of Lacombe, brought \$300 on the average.

Consol's Heir, contributed by the University of Alberta, went to Alex Mitchell, of Lloydminster, at \$425, and Broadacre's Margie, from the herd of W. D. MacDonald, of Granger, was brought by George Sharp, of Lacombe, averaged \$153, and three head from the Prince of Wales' ranch at Pukisko brought \$265, \$325 and \$201, an average of \$265.

Two dairy-bred Shorthorn bulls contributed by G. K. Altonby, of Crossfield, brought \$270 and \$180 and four good entries by Harold Talbot, of Lacombe, averaged \$130.

Fifteen Hereford steers shown by J. Blinn Roberts, of Raymond, brought the high price of the sale in the afternoon, being bought by McKenzie Bros., of Lacombe at \$11.60 per hundred.

SCHOOL ACT IS TO BE SHELVED
The amendments to the Baker School Act agreed to by the Minister of education a few weeks ago went far to silence its critics. The much denounced provision setting up a general board with taxing powers was eliminated.

The Minister displayed a disposition to meet all reasonable opposition and the prospects for the successful passage of the bill this session appeared rosy. Now it is announced that the measure is to be shelved for the session, which means that it will have to run the gauntlet of at least another year in bringing about much-needed reforms in the rural school system of the province is imposed.

The ostensible excuse for withdrawal at this time is to permit a commission to carry out further surveys of the educational system with regard to the enlargement of rural school divisions. In view of the fact that both the Premier and the Minister of Education had stoutly advocated the measure on many previous occasions as designed and drawn to meet a long felt want, the sudden decision to submit the whole matter to an outside commission involves an amazing change of front. It implies that political expediencies are being taken into consideration. On the eve of going back to the people for a new mandate, the government adopts an easy way out. By shelving the bill, the hostility of certain recalcitrant trustees and irate rural ratepayers will not be reflected at the polls.

Dominion of Canada Income Tax Returns DUE APRIL 30th

ACT PROMPTLY—
Accept the help offered by Income Tax Inspectors and Avoid Penalties

Every person who during the year 1929 had an income, from any source, of as much as \$1,500, if single, or \$3,000 if married or supporting a family, is required to make an income tax return.

If you are situated as above described, failure to make this return by midnight, April 30th, together with cheque or cash for at least 25% of amount of tax, will render you liable to a penalty equal to 5% of the total tax payable. (Limit of penalty \$500.)

To avoid incurring this penalty, obtain NOW, from your postmaster, or from the Inspector of Income Tax in your district, the necessary forms and make your returns at once. These forms are as follows:

Form T1 For Individuals other than Farmers and Ranchers.
Form T1A For Farmers and Ranchers only.
Form T2 For Corporations and Joint Stock Companies.

Each form contains in itself instructions for filling out. By making your return by April 30th you gain in two ways:

First, you avoid penalties for delay.
Second, you qualify yourself for the privilege of paying in instalments.

INCOME TAX INSPECTOR WILL HELP YOU MAKE OUT YOUR RETURNS

If there is anything in the income tax return which you do not understand, any Income Tax Inspector will be glad to explain what is required.

New U.S. Tariff Raise Hard Blow to Province

Canada's recent attempt to play the Good Samaritan to the United States by helping it to enforce its liquor laws has had its answer from Washington. The answer is in the form of an announcement that the Hawley-Smoot tariff bill penalizing \$75,000,000 worth of Canadian trade, will pass the Senate today.

Here, in brief, is the story of what the United States proposes doing:

1. Canada has been selling the United States \$18,000,000 worth of cattle annually. The old duty of 1-2 cents under 1,000 pounds and 2 cents over that weight has been raised to 2-2 cents under 700 pounds and to 3 cents over. The actual increase, therefore, is 100 per cent.

2. Canada has been selling the United States \$5,000,000 worth of beef. The duty is jumped from 3 cents to 6 cents a pound.

3. Canada has been selling United States \$5,000,000 worth of lumber. Lumber is taken from the free list and made dutiable at the rate of \$1.50 per 1,000 board feet.

4. Canada has been selling the United States \$2,000,000 to 5,000,000 worth of flaxseed. The duty is jumped from 40 to 63 cents a bushel.

5. Canada has been selling the United States \$4,000,000 worth of potatoes. The duty is increased from 30 cents a hundredweight to 45 cents a bushel.

6. Canada has been selling the United States \$2,000,000 worth of maple sugar. The duty is jumped from 4 to 8 1-2 cents a pound.

7. Canada has been selling the United States \$5,000,000 worth of cream. The duty is jumped from 20 to 53 cents a gallon.

Not that all. We have before us the New York Times, giving two full pages to a comparison of the new duties with the Underwood (1913) and the Fordney-McCumber (1922) tariff rates. It is an extraordinary picture of the manner in which the United States has been penalizing Canadian trade during the past seventeen years. The Fordney tariff was in itself a heavy blow at our farm products; in some cases all but prohibitive. Yet, despite that the Fordney rates constituted one of the most drastic tariff laws in the world, there is now piled on top of them increases ranging from 20 to 100 per cent; increases which not only affect the articles mentioned in the summary given above, but which penalize as well Canadian wheat, lamb, poultry, clover, turnips, milk, cheese, ham, bacon and fish. In the case of the new duties, the blow is serious blow it struck at it. The duty on cod is jumped from 1-2 to 2-2 cents a pound; halibut, increased from 2 cents to 4 cents; other fish in proportion. There has been little like it in the history of tariff making.

This bill is going to become law. Held up at first by a coalition of Democrats and Republican Progressives, the insurgents were gradually bought off, finally collapsed; and all that remains now is for the legislation to get the approval of the House of Representatives (notoriously more protectionist than the Senate) and to be signed by the president. It will be signed. By the end of this summer the new rates will be in force. Canadian farm products—a trade of between \$75,000,000 and \$100,000,000—will be all barred from the republic.

This is an extraordinary thing. Canada is purchasing United States goods at the rate of \$10,000,000 a year. We buy from them something like \$2,500,000 worth of goods every day, the year round. We let in their farm products with duties simply puny compared to the duties they have now imposed on ours. We have just undertaken at probable high cost to ourselves an additional loss of seven or eight millions of revenue to help them enforce a liquor law they have not been enforcing. More than that, we are on the point of agreeing to join them in building a gigantic waterway project which they, admittedly, need more than we. Yet the United States, in the light of all this, calmly turns round and strikes a paralyzing blow at \$75,000,000 worth of Canadian trade. In other words, they will only buy such goods from us as they absolutely must have. Only the raw material that they need, and which they refine and ship back to us at a rich profit to themselves. That, in brief, is the story.

Speaking on Canada's stake in the Pacific before the Montreal Canadian Club recently, Hon. Newton W. Rowell, vice-chairman of the Canadian Institute of International Affairs, took occasion to compliment Canadian Pacific Steamships on their work on that ocean. He said: "There are many lines of steamers plying from North America to the Orient, and one of the best is still the Canadian Pacific Steamships; there is no other freight and passenger service on the Pacific that to-day is equal to that of the Canadian Pacific Company. We owe a great deal to that institution in developing trade."

Visiting sportsmen coming to New Brunswick for hunting and fishing have almost doubled in the past five years, according to figures given out by Hon. G. H. Prince, Deputy Minister of Lands and Mines of the province.

Additional air mail service was inaugurated between Winnipeg, Calgary and Edmonton early in March by the Canadian Post Office Department, leaving only the Rocky Mountains and the Pacific Coast and from western Ontario to Winnipeg unserved by air mail. It is expected that at least a portion of this territory will be linked during the coming summer.

Preparations are being made for taking another decennial census in Canada which is due in 1931. The census will give employment to 15,000 persons. It was first taken in 1871 and has been taken every ten years since then.

M. M. Robinson, chairman of the committee of management of the British Empire Games, to be held at Hamilton next August, is already assured of the success of the meeting. Interviewed aboard R.S. Montclair recently, he stated that not only was he sure that there would be 200 British athletes at the games, but that the most would be the best of his kind Canada had ever known.

"One of the objects of the visit of the English public school headmaster party, due to arrive at Saint John aboard R.S. Duchess of Bedford, April 5, is to improve the teaching of Canadian history in Great Britain," says Kenneth Lindsay, who is travelling ahead of the party. It will consist of 15 headmasters and they will visit nine Canadian universities from the Maritimes to British Columbia.

Accepting regular radio programmes made outside the United States for the first time, National Broadcasting Company of New York has come to an agreement with the Canadian Pacific Railway under which the latter will supply WJZ, and associated stations in the richest and most thickly populated sections of the United States, with programmes of Canadian Pacific "cheerful and good" music. These will be broadcast Sunday evenings from 9:15 to 9:45 Eastern standard time, commencing April 6. A second series will be broadcast by the American company from its stations consisting of Royal York Hotel orchestra dances music every Wednesday midnight. Eastern standard time, commencing April 9.

A New Food—100 per cent.
Did you know that the Whole Wheat Breakfast Food you were looking for is now on the Market?

No doubt you have often read and heard Doctors say that you should eat more Whole Wheat for better health, and here is a statement that should induce you to eat more Whole Wheat Foods: "Wheat stands at the head of cereals as food, and its utility . . . Whole Wheat flour contains a greater percentage of Nutritious Elements than does fine white flour. Excessive grinding destroys part of the gluten, fat and salts." "Practical Guide to Health", Page 167.

If you will ask at the stores for 100 p.c. Whole Wheat Flour, tested Grains and try it for Porridge, Pudding, etc., as suggested in the recipe, you will be a permanent user of 100 p.c. Whole Wheat Flour tested Grains.

If you wish to get some real Whole Wheat Flour, you may order it through the Store for a very moderate price

VIMY BANQUET

One hundred and twenty-five members of the Lacombe Branch of the Canadian Legion, ex-service men and their friends, sat down to a banquet in the Adelphi Hotel last evening, to celebrate the memorable battle of Vimy Ridge, which took place on April 9th, 1917. The President of the local Branch, the Legion, Dr. F. D. Locke, was chairman for the evening, and after the banquet had been done justice to, in a few remarks made known the objects of the Legion, and pointed out some of the work in the interests of the returned men to be taken up at once by the organization. Mayor Jackson then welcomed the visitors to town, and expressed the hope that the Legion, would prosper in its good work. Theo. Wilkes, secretary of the Legion, thanked the Lent We Forget Club and other patriotic organizations for their good work on behalf of the returned men. He especially thanked the Lent We Forget Club for their magnificent park and monument to the memory of the boys who did not come home. He was followed by Capt. K. C. McLeod, who gave a very interesting and at times humorous address. He stressed the great need for an organization like the Legion, and pointed out that there was a great work ahead of them in getting justice for many of the returned men who were entitled to recognition, and were not receiving it. He gave instances where dependents

of Canadians killed overseas had not received any assistance from the country and were depending on friends for their existence. He urged the Legion to work together to get brass wrongs righted. Mr. John Macdonald thanked the town and citizens for their kindness towards the returned men and their organizations. Rev. R. B. Layton was the last speaker, and gave a short resume of the work being done in the interests of peace, and paid a high tribute to the great work of the boys from Canada overseas.
During the evening, music was provided by Prof. Touche and his orchestra, which was greatly enjoyed. Vocal solos were rendered by Miss Kathleen Walters, Prof. Touche and Mr. R. Rhind. Miss Helen Barbour and Miss Eleanor Walters accompanied on the piano.

SPRING AND EASTER OPENING
The Spring and Easter opening at Norman Campbell Co., Ltd., was an unparalleled success. The ladies of Lacombe and district turned out in huge numbers to view the season's latest productions, as displayed by this firm, in their ready-to-wear and millinery department on Saturday last.
Most attractive and alluring were the many featured styles in Easter dresses, Sport Costumes, Suits and

Coats and Millinery.
The second floor, where these departments are located presented a most spring-like appearance with the bright colors of the merchandise displayed, augmented by the attractive arrangement of pussy willows and fresh cut daffodils. To all this was added the cheer of music rendered by a large Victor Orthophonic, desirably situated on a platform in the centre of the floor, rendering snappy music almost continually.
A feature most appreciated and instructive was the interpretation given by Miss Willis, in modelling the season's featured styles. With the styles showing such a marked change this season, it was a revelation to witness how attractively the longer styles adapt themselves. The longer styles in afternoon dresses with their sweeping dips and flares are most feminine, while the new tailored suits and sport frocks show still the shorter lengths. The was definitely served to all desirous of a light repeat.
In the drawing which took place in the evening, the lucky ticket Number 60 was held by Mrs. T. Jackson.

JUNIOR RED CROSS

Junior Red Cross work was the theme of an interesting, although short, address by Dr. Locke before the members of the Women's Institute at their regular meeting on Saturday afternoon. Eight children had been sent from Lacombe district during the last three years, an average of a year each being spent in the hospital. Considered at regular hospital rates, the cost for these children would amount to over \$7000.00. Yet from the Red Cross they had received special treatment, including x-ray treatment running into thousands of dollars, which it would be impossible to give them at home or in a small hospital. In conclusion Dr. Locke spoke of the financial difficulty of the Red Cross in carrying on their work and appealed to the Institute for aid in this respect. Other business included a discussion as to the advisability of retaining the Rest Room, reports of committees and a motion that letters of thanks be sent to the Spruceville and Lakeside Institutes for their donations toward the upkeep of the Rest Room.

Y.W.A. CONCERT

The concert put on by the Young Women's Auxiliary on Friday evening was one of the best ever seen here. The entertainment, which drew a large crowd, consisted of three short plays, every one of which was packed full of fun and laughter.

LACOMBE GOLF AND COUNTRY CLUB

At the annual meeting of the Lacombe Golf and Country Club, the following officers were elected: President, Dr. F. D. Locke; Vice-President, A. M. Campbell; Secretary, A. Belcher.
Executive: W. N. Morrison; Dr. Hynes; G. T. Jackson; D. A. Lothian, P. C. Owen.
Greens Committee: W. N. Morrison; J. S. McCormick; T. M. Lorimer.

CLIVE NEWS

Most of the farmers are on the land, but others are apparently waiting for the much needed moisture. Nearly all the Spring birds are back again for which we are glad.
The W.C.T.U. District Convention will meet this year in the Clive United Church on Thursday and Friday, May 8, and 9th. An Oratorical Contest for Children from grades four to six and under fourteen years of age will compete for the Silver Medal. There will be quite a keen rivalry among the different schools from as far east as Consort. The honored Provincial President, Mrs. Louise McKinney will be present. A banquet is to be served to the visiting delegates and in the evening, orations, special music by local talent and an address by Mrs. McKinney will round out a very important Temperance Rally. Rev. L. N. Houghton will kindly act as Chairman.
Wm. Sturges has sold his residence this week to Mrs. Melvin. He expects shortly to move with his family up to the western part of the Peace River country. Mr. Sturges and family have lived here for a considerable number of years and will be greatly missed by a very large circle of friends.
Rev. Monday, a Baptist evangelist of Calgary held a very successful Mission here last week.
The regular monthly meeting of the Lord Lasselles Chapter I.O.E. will take place at the home of Mrs. W. C. Sweet on Monday evening, April 14. Roll call will be answered by current events.

A. M. CAMPBELL'S

Will Demonstrate Electric Appliances for the Home

Lacombe women will have the opportunity next week of learning, from one of the best-known home economists in the country, the most efficient way of utilizing the many latent possibilities of electricity in the home. The economist in question is Miss E. Frances Thompson, who is internationally known for her work in household economies. She holds diplomas for dietetics and home economics awarded by the Board of Education in England; and lectured for years on these subjects in London day and evening schools as home economist for the London County Council. In Canada she has addressed numerous women's organizations throughout Ontario and the Maritime Provinces. Miss Thompson's weekly radio hour over CKGW at Toronto has been eagerly looked forward to by numerous Housewives.

Miss Thompson is to lecture here on April 16th next week from 2:30 p.m. in the afternoon and 8:00 p.m. in the evening. She is to speak on the general subject of electricity in the home.

Her addresses are based on the belief that the average woman is liable to be almost bewildered by the variety of uses for electricity that have been developed during the last few years with a view to lightening household tasks.

BOARD OF TRADE BANQUET

The people of Lacombe and District will be given an opportunity of hearing their representative at the Federal House of Parliament on Wednesday, April 16, at a banquet which is being held at the Adelphi Hotel from 6:30 to 8:00 o'clock. We are fortunate in being able to arrange this meeting as Mr. Irvine has interesting and valuable information for both town and country people. It will be necessary for those who wish to attend this luncheon to make their reservation not later than April 15th so provision can be made to accommodate everyone. Ladies are invited.

Jesse Fraser, Secretary.

WEDDING

A very pretty wedding was solemnized at the Baptist Parsonage on Monday, April 7th, when Miss Minnie Pearl Lowry, became the Bride of Mr. Leslie Gordon Walters of Abbotsford B.C. Rev. Jas. Denson, officiated.

Married at the residence of Mr. and Mrs. D. Jamieson, Breton, on April 2nd, Thomas McKittrick, late of County Antrim, Ireland, to Lila May McGhie, daughter of Mr. and Mrs. John J. McGhie, by Rev. R. B. Layton.

Bid Farewell to Your POWER GRIEFS

Hook up a CATERPILLAR Tractor to your plows, discs, drills, or any machine, and know what real farming power is. Power to haul heavier and larger equipment; power to work deeper, and to do that work steadier and cheaper than any other power you have used before. You have no power problem that a CATERPILLAR won't solve—no power troubles that a CATERPILLAR won't eliminate.
